(and so on) the value of the weekly skins will be determined by how many phantom bowlers finish the complete season. Should any given week have an uneven number of bowlers then that doubles will be paired with that week's league average score plus 10 pins.
- Lane bookings are essential, if in social play periods only 1 lane may be offered.
- Any score adjustments whilst in league MUST be approved by staff otherwise that game may be voided.
- It is the responsibility of the bowler to ensure your score sheet is handed to staff and that they print out the score as well to attach for verification.
- All other T&Cs not mentioned here will be ruled and governed by the management of GBC and no other correspondence will be entered into.
- No protests after the scheduled season finish shall be heard or acted on.
